MATH & ENGLISH OLYMPIAD

HANDWRITTEN & ONLINE

About

Unleash Your Genius at The Math & English Olympiad 2026!

Attention all students from Pre-Level to Grade 12! Get ready for an exhilarating challenge that celebrates both logical precision and the power of words. The Math & English Olympiad 2026 is your stage to shine, test your skills, and join a community of bright young minds.

THEME: "NATURE AND NUMBERS: THE SYMBIOSIS OF LIFE"

This year, we're exploring the beautiful connection between the natural world and the patterns that define it. From the mathematical sequences in a sunflower to the eloquent language used to describe a rainforest, our theme encourages you to see the world through a dual lens. We invite you to delve into ecosystems, animal behavior, and environmental conservation, discovering how math and language help us understand and protect our planet.

Why Take Part?

The English Linguistic Quiz is more than just a test; it's a journey to master the English language. By participating, you will:

- ✓ Solidify Your Skills: Reinforce what you learn in the classroom.
- ✓ Think Critically: Tackle questions that require sharp thinking and problem-solving.
- ✓ Build Confidence: Prepare for future academic challenges in a fun, competitive format.
- ✓ Discover the Joy of Language: Engage with English in a dynamic and exciting way.

The competition unfolds in two thrilling rounds:

The Knockout Round: This is where it all begins! All registered students take this 30-question, 30-minute round. You can choose to complete it online or in a handwritten format. Score 90% or higher to advance to the next level. **Note:** Scores from this round do not carry over.

The Championship Round: This is the final showdown! Only the top scorers from the Knockout Round qualify. The challenge intensifies with 30 questions to be solved in just 20 minutes. This round is held exclusively online, and winners will be ranked based on both accuracy and speed.

The Competition Structure

The Olympiad is designed to be fair, challenging, and rewarding for every age group.

For our youngest learners (Pre-Level, KG, Nursery):

The quiz will be entirely picture-based, focusing on fun categories like animals, action words, and everyday objects.

For students in Grades 1 through 12:

The competition covers a comprehensive range of topics, including:

Grammar & Parts of Speech

Tenses (Past, Present, Future)

Punctuation & Sentence Structure

Vocabulary (Synonyms, Antonyms, Prefixes, Suffixes)

Direct & Indirect Speech

And much more!

The format is multiple-choice (MCQs), with each question carrying 5 marks

150,000
Grand Prize
(02) Awards
